

Classroom Times

Miss Tammy and Miss Lorna

teacher

May 2017

date

In the classroom...

Butterfly life cycle...ask your kids about how our caterpillars are changing and will change

Spring....we've been reading short stories about spring and the changes that take place

Kindergarten...we've been talking about changes when you move into kindergarten. We will soon take some trips to the lunchroom and kindergarten rooms.

Counting...we've been counting as high as 100. Help your kids by counting anything and everything!!!

REMINDERS

SUMMER

Please remember it is just, if not more, important to work with your child over the summer. The more they retain over the summer the more they can grow when they return to school. Continue to be their most important teacher during those months away from school!!!! You can make the difference in your child's education!

Thank you! It has been a pleasure to share in your child's successes throughout this year. We understand that no two children are alike and all develop and learn at different paces. We have enjoyed watching them grow and learn. Please continue to help your child grow by teaching them everyday and showing them the importance of an education. We wish all of our soon to be kindergarteners the best next year and look forward to seeing some of you return.
